

## The Studio

The Studio is a VCAL program run by Croydon Community School at Bayswater SC and other venues.

It is a full time program which focuses on building:

- Literacy & Numeracy
- Business Enterprise skills
- Personal Development capabilities

As student skills increase in workplace skills they will be assisted to find Work Placements or School Based Apprenticeships/Traineeships. Enrolment in TAFE courses will also be a priority for semester 2 courses.

The course is available to young people who wish to continue their studies at secondary school but prefer a strong emphasis on work related education. **IT IS NOT A SOFT OPTION!**
